## WHAT ARE CRU® STUDY CAMPS?

CRU® Study Camps provide the ideal study environment, free from the distractions of home. Our leadership teams assist you to combat distraction and support you as you tackle the pressures of Year 12. They will help you keep your life in perspective with thought-provoking Christian talks and chances to chat about your worldview.

Camp is focused on encouraging maximum independent study complemented by personal assistance from tutors, teachers and leaders. We aim to cover all the most common subject options, including **Maths, Sciences, English, Social Science, Ancient and Modern History, and Studies of Religion\***.

CRU Camps works hard to offer high quality camps at great value. This year, Study Camp fees start from \$99 per day, including all accommodation, meals, activities, study tuition, and 24-hour supervision. All camps are tobacco, alcohol and drug-free environments.

Leaders on CRU Study Camps are Christians who volunteer a week of their time to help students prepare to achieve their goals in the HSC or IB. Leaders are reference checked, up-to-date on child protection procedures, and have completed NSW Government Working with Children Check requirements.

CRU Camps provides a Sponsorship Fund to help all students have the opportunity to attend a study camp. If you require financial assistance, please apply for sponsorship online.

Visit [crucamps.com.au](http://crucamps.com.au) for more information.

\*Leadership teams and qualifications vary between camps. Whilst we aim to cover a broad range of subjects, we can't guarantee what will be covered or what areas leaders specialise in.

## FROM THE TUTORS

“CRU Study Camps are a fantastic opportunity for students to study as they can study in a way that works for them. They can work by themselves, work with other students, and seek assistance from teachers and tutors. This means that students will always have the chance to be productive on camp!”

*James Butterworth*  
Mathematics Teacher at Arden Anglican School

“CRU Study Camps provide students with a great opportunity to use the time they have over the holidays, productively. It's an environment conducive to study where not only do they learn and refine the habits of effective study, but are also surrounded by like-minded students who are motivated to succeed. The relationships they build with each other over the week are an amazing benefit.”

*Tamara Kunz*  
Legal Studies/History teacher at William Clarke College

**Registrations are open for all 2019 Study Camps. They usually book out 6-8 weeks before camp starts. Don't miss out - register today!**
