**Autumn 2014 CRU Study Camp Surveys*

Featuring a proven study formula, CRU Study Camps is Australia's largest provider of HSC and IB study camps, with over 50 years' of experience in helping Year 12 students achieve their best possible result.

~ ABOUT CRU STUDY CAMPS ~

CRU Study Camps provide the ideal study environment, free from the distractions of home. Our experienced Christian leadership teams assist you to combat procrastination, support you as you tackle the pressures of Year 12 and help you keep life in perspective with thought-provoking Christian talks and chances to chat about your worldview.

The focus during camp is encouraging maximum independent study and extended essay work complimented by personal assistance from tutors, teachers and leaders. We aim to cover all the most common subject options including Maths, Sciences, English, Social Sciences, Ancient and Modern History and Studies of Religion.*

CRU Camps works hard to offer high quality camps at great value. This year, CRU Study Camp fees start from \$86 per day, including all accommodation, meals, activities, study tuition and 24 hour supervision. All camps are tobacco, alcohol and drug free environments.

All leaders on CRU Study Camps are Christians who volunteer a week of their time to help students prepare to perform at their peak in the HSC or IB. All leaders are reference checked, up-to-date on child protection procedures and have completed NSW Government Working With Children Check requirements. CRU Camps provides a sponsorship fund to help all students have the opportunity to benefit from a study camp.

Visit www.crucamps.com.au for more information.

*Leadership teams and qualifications vary between camps. While we aim to cover a broad range of subjects we can't guarantee what will be covered or what areas leaders specialise in.

"CRU Study Camps are fantastic.

We recommend the camps to our Year 12s and every year they come back with significant study milestones reached. The camps are particularly good for those who want an environment in which they can concentrate on their studies and not get distracted."

Dr Tim Hawkes, Headmaster, The King's School
